A child is registered with the School upon receipt of a completed application form accompanied by a registration fee of € 200 (€ 215 if transferred from outside the Netherlands) Please note the registration fee is **non-refundable**, covering administrative costs and assessment.

THE APPLICATION DOES NOT GUARANTEE THAT THERE WILL BE A PLACE FOR THE CHILD OR THAT AN AVAILABLE PLACE WILL BE OFFERED.

After application, if a vacancy exists and the child is considered to benefit from the academic program offered at our school, a place will be offered in the form of a letter to the parent. The parent must reply in writing to the School accepting the place.

The documents needed for each child before entry: (See below)

- **completed registration form and fee.**
- **relevant information about the school career of the child including report cards of the last two school years (if applicable) and letter of recommendation.**
- **copy of the information pages of the child's passport or copy of the child's birth certificate including BSN (Burger Service Nummer).**
- **copy of registration document confirming residency in Holland. (Uittreksel uit Gemeentelijke Basisadministratie (GBA))**
- **completed emergency contact section on the registration form.**

Admission decisions are made based on each child's prior school records (if applicable), placement assessments and a visit to the school. Children qualify for places at Elckerlyc International School if they are:

- **Children from other countries who have been educated in English and who will only be spending a few years in The Netherlands and who require a continuous English education.**
- **Children from other countries who have been educated in English and who need transitional English-to-Dutch education to prepare them for future education within the Dutch school system.**
- **Children living in The Netherlands who will be moving to another country where their subsequent education will be in English**

Elckerlyc is a diverse community. We do not discriminate against any person on the basis of race, religion, nationality, origin or gender in the selection of students. We actively seek diversity in our student body.

Please note the following points:

1. The school fees for an academic year in Groups 1 - 7 are € 2.984 per child. In Group 0 the fees vary depending on services requested (Education for 3 year olds will not be subsidised by the Dutch Ministry of Education. This results in higher fees in

this group).

2. No discounts will be given in the case of more than one child from the same family attending the International Section of the school.
3. If a child begins attending the school at a date other than the official start of the academic year in August/September, the school fees will be calculated pro rata, plus one month.
4. School fees are calculated on ten month basis.
5. Parents are requested to pay the school fees within the time set on the invoice. Should this not be convenient, the fees can be paid in two instalments. Fees of students joining the school after January are payable in full before the student(s) start(s) school.
6. In the event that fees have not been received according to the above conditions, a place will be offered to the child(ren) concerned in the Dutch Section of the school (provided there are spaces available) and their places in the International Department will be offered to those currently heading the waiting list.

In the event of the applicant's knowledge of the English language being below the acceptable minimum (as determined by the school), the applicant is required to have additional English Language coaching. Such coaching may be arranged by the school but the costs, usually around € 30 per hour, remain the responsibility of the parents.

We wish to enrol our child(ren) at the International Department of Elckerlyc. We have read the school's prospectus and understand the admission regulations that govern enrolment. The information submitted is accurate to the best of our knowledge and we see no reason why our child should not be able to follow the education program offered by the school. We accept that the school reserves the right to refuse admission to students whom they feel cannot benefit from the program being offered.
